

C-DAC ACTS CAMPUS GUIDELINES FOR TRAINING CENTRES

Name of the Centre	
Name of the Placement Coordinator	

The C-DAC Common Campus Placement Programme (CCPP) serves as a collaborative platform between C-DAC and industry stakeholders, facilitating placement opportunities for students. The program invites companies to recruit students specializing in various domain.

For seamless operations of the Common Campus Placement Programme (CCPP), comprehensive placement guidelines are established by Pune CCPP Placement Committee (PCPC) for Training Centre participating in CCPP.

Guidelines for Training Centres

1. Placement Declaration

- 1.1 The Training Center shall submit a declaration to the Placement Department of C-DAC ACTS indicating its willingness to participate in the CCPP at least a week before the commencement of the program.
- 1.2 Training centers not interested in CCPP may hold independent Placement Programmes by informing the Placement department of C-DAC ACTS about their decision. Once the training centre gives its consent to be a part of the CCPP, it must strictly follow the Placement Guidelines issued by the Placement department of C-DAC ACTS, for that particular batch.
- 1.3 The CCPP is held simultaneously at various regional locations, namely Bangalore, Mumbai, Hyderabad, Noida, and Pune.

2. Pre-requisites for participating Training Centres

- 2.1 Training centres shall actively participate in placement meetings conducted by C-DAC and contribute to the planning and execution of essential placement activities like CCPP venue, budget, student & course details, and target companies.
- 2.2 Placement Coordinator Presence during CCPP: At least one Placement Coordinator per batch of 120 students or per course, as directed by C-DAC ACTS, shall be deputed by the centre for CCPP. The Placement Coordinator must be present and discharge their responsibilities throughout the CCPP period. Any absence from the activity should be with permission of the C-DAC ACTS and the centre must provide another stand-in Placement Coordinator for longer absence, as directed by C-DAC ACTS. For better management of students and placement activities, additional Student Support staff or Coordinators may also be deputed by the centres.
- 2.3 Placement in the campus: Invite and schedule maximum companies in the campus, maintaining a minimum company-to-student ratio of 1:10 (1 company for each block 10 students) OR place a number of students (from any course/ centre) in their called companies equal or more than the centre's student participating in the CCPP.

Companies not scheduled or scheduled but with zero selections will not count towards the target due to the substantial coordination cost and effort involved in facilitating the drive.

3. CCPP Schedule

- 3.1 CCPP commences within the in the first- or second-week following completion of PG Diploma courses in phased manner. ACTS, C-DAC informs the Common Campus Placement Programme (CCPP) schedule to participating training centres as directed by C-DAC Academic Management.
- 3.2 For the March 2024 batch, the campus placement commence date is August 27, 2024. The 0 day in the campus placement is August 23, 2024.

4. Roles and Responsibilities of Training Centres

- 4.1 Assist students in entering their resumes and projects in C-DAC ACTS Placement Management System (PMS) portal. The centres make sure the resume registration is completed in accordance with the schedule provided by the C-DAC ACTS Placement department.
- 4.2 Organize guest lectures by inviting industry experts and expert sessions to make students industry ready for campus placement.
- 4.3 Communicate and share Placement Guidelines to students as specified by C-DAC ACTS Placement department.
- 4.4 Create and maintain a comprehensive database of potential companies and invite them in CCPP. The record of invited companies (with whom they interact) participating in the CCPP should be maintained by Training Centre. These records should include the company name, accurate contact information (such as a phone number, address, email address, and name of the contact person), and a report on the company's participation in campus placement. This database should be shared with the ACTS, C-DAC placement department.

- 4.5 Communicate the placement schedule with companies in accordance to the company scheduling meetings organised by C-DAC ACTS.
- 4.6 Facilitate logistics and coordination for CCPP (physical & online campus).
- 4.7 Provide company participation confirmation for the scheduled campus visit dates to C-DAC ACTS before their visit / participation in CCPP.
- 4.8 During CCPP, the Centre's Placement Coordinators are in charge of disseminating the information to their respective centre students. Share the company requirement, offerings and process details with students as per ACTS, C-DAC communication directives. Encourage students to visit the company's website before attending the campus process.
- 4.9 The training centre has to provide coordination support for campus placements. The placement coordinator assigned with the company representatives must take proper student attendance, organize the exam / interviews and take feedback from the company panel. This is the responsibility of the placement coordinators on duty.
- 4.10 During CCPP, the placement coordinator is assigned with following duties for smooth campus coordination. If any placement coordinator (CLO/ SLO) is found failing to complete the assigned tasks satisfactorily, either corrective guidance will be provided to him/her or the centre may be directed to depute a replacement staff.

- 4.10.1 **Company Liaison Officer (CLO)** - CLO is the person who will communicate and coordinate with company representatives.

Responsibilities of CLO:

- 4.10.1.1 Check with the company officials how they plan to unfold the placement process. Check for online arrangements for presentations, exams, and interviews in accordance with their process.
- 4.10.1.2 In the event of a presentation, C-DAC representative will welcome and formally introduce the company representatives to the students.
- 4.10.1.3 For efficient drive coordination, C-DAC ACTS representatives must remain informed of the status of common students at each stage of the placement process.
- 4.10.1.4 Liaison officers should take caution while interacting with corporate representatives, refraining from disclosing internal placement information such as which companies visited, or the placement's prior experience.
- 4.10.1.5 The liaison officer is in charge of wrapping up the entire procedure for that specific day. He should not leave anything unfinished. In addition, ask company representatives for their feedback and document it.
- 4.10.1.6 The C-DAC ACTS placement team should be informed of the backup placement coordinator who will assume control of the duties in the absence of CLO (in any urgent scenario).

- 4.10.2 **Student Liaison Officer (SLO)** – The SLO works with the CLO and the students to coordinate company process. He is in charge of disseminating information to the students as shared by the CLO (provide company process-related information).

Responsibilities of SLO:

- 4.10.2.1 Provide information to students about the online / physical ongoing campus process and answering any questions, they may have throughout the way. Take the attendance of the students and submit the same to CLO.
- 4.10.2.2 Should pay close attention throughout the company's pre-placement talk, exam, and interviews. During the placement process, he should direct students and respond to their questions. Ensure that the students follow proper channel of communication and do not approach company officials directly.
- 4.10.2.3 With the cooperation of the CLO, notify the additional student shortlist (if any) who have been narrowed down by the company and confirm their availability for additional rounds of interview. Coordinate with CLO to complete the rest of the process.
- 4.11 Following the conclusion of the CCPP, every training centre placement coordinator is required to create a placement analysis report and submit it to the C-DAC ACTS placement department.

5. Common Campus Placement Programme (CCPP) Process:

- 5.1 Resume Entry for students: Placement Management System (PMS) is a C-DAC web-based portal for students to fill and submit their academic information as per the schedule provided by ACTS, C-DAC Pune. Any student-related information can be accessible via the Placement Management System through Training Centre login on the portal.

- 5.2 Invite and schedule companies in the campus: Send invitation emails to companies to participate in C-DAC campus placement. The invitation should be in the standard template/text provided or approved by C-DAC ACTS. Schedule invited companies in the CCPP in coordination with scheduling committee for providing good opportunities to students. Failure to meet the required prerequisite of scheduled companies in the campus will attract penalty as per CCPP policy for training centres.
- 5.3 Placement guideline address: Share and communicate placement guidelines to participating students and recruiting companies for seamless operations during CCPP. The ACTS, C-DAC Placement Officer addresses all the centre students prior to the commencement of CCPP and interact with companies during CCPP. Placement coordinators at specific centres are to avoid any communication to their students contrary to the official policy/procedure, etc.
- 5.4 Campus placement schedule and profile sharing to participating companies: The students' profiles will be shared by ACTS to invited companies. The training centres have to share the schedule and process with invited companies as directed by ACTS, C-DAC.
- 5.5 Student profile screening: Every company has its own selection criteria for students, and C-DAC is not involved in this process other than to share the student profile information. Unless otherwise specified by the companies, the students' course performance may be taken into consideration for the CCPP screening process.
- 5.6 Campus Schedule: C-DAC ACTS will inform the day wise schedule of company's recruitment process information via email to the participating training centre for sharing the process schedule with the students. The email communication regarding visiting company, tentative date(s), and any information received from them such as shortlist, job requirement, process/mode of selection, salary/emolument package, etc. are provided as-is.
- 5.7 Company process coordination: Campus process may start early morning from 6:30 AM onward and it may end up late evening. The training centre assigned placement coordinator will coordinate the company process (presentation / exams / interviews). and consult ACTS, C-DAC officials in case of any issues or guidance required during CCPP. Absence of placement coordinator during CCPP will attract penalty as per CCPP policy. The coordinator is responsible to check notices / announcements / updated information / shortlisted names etc. shared by ACTS, C-DAC and to keep students informed on the process details.
- 5.8 Campus opportunities and selection: The campus placement opportunities and selection policy (maximum attempts & option out for students) is directed by C-DAC Academic Management from time to time.

For CCPP August 2024 (March 2024 batch), a student may appear in only 20 individual company's selection processes where shortlisted, or the number of companies visiting CCPP for the given domain / technology / course, whichever is less. A maximum of 03 Opt-Outs can be made by a student in a CCPP. The option-out exercise will get closed (No Opt Outs) after 2 months of campus completion. - Refer Student Placement Guidelines.

Any campus selection confirmation received should be communicated to C-DAC Placement department immediately. Any direct confirmation by company to student or anyone other than Placement department shall not be acknowledged. Once a student is placed in a company through CCPP or otherwise, he/she will not be permitted to take part in any additional hiring process for any company through CCPP. In case a student self-places, the Centre Placement Coordinator must notify the C-DAC ACTS placement department so that timely modifications in PMS software can be made.

- 5.9 Leave request/ absenteeism: Any leave request of the training centre assigned placement coordinator during CCPP should be with permission of the C-DAC ACTS and the centre must provide another stand-in Placement Coordinator for longer absence, as directed by C-DAC ACTS. No coordinator presence or any absenteeism without information will attract penalty as per CCPP performance policy for training centres. For student leave request/ absenteeism, the training centre has to refer and follow student placement guidelines. The disciplinary committee to recommend on the application approval to allow the student to participate in CCPP.
- 5.10 Offer letter & joining status: Any information pertaining to offer letters and joining status of companies should be shared with C-DAC Placement Department and the selected students.
- 5.11 Campus placement analysis: Post completion of CCPP for the batch, the placement analysis form to be submitted to C-DAC ACTS, Placement Department. In case of any separate campus placement activity conducted by any centre, update C-DAC Placement Department.

6. **Communication Channels**

Guidelines for placement process communication to students by Training Centres:

- 6.1 The primary means of communication to be used by all Training Centres for the CCPP process is ACTS, C-DAC placement related communication email. The primary mode of communication with the students is by training centre official email as it has detailed information regarding the campus placement process. The other (secondary) communication is through Placement Management System (PMS) is a C-DAC web-based portal for students to get notification related to shortlisting, companies attended, option out, selection etc.
- 6.2 The respective Placement Coordinators of each centre is in charge of sending emails to their respective centre students using their official email accounts, which includes shortlist of the candidates and placement process

details (includes company information on process and other recruitment offerings) as received from C-DAC. (Kindly refrain from auto-forwarding any emails from the C-DAC Coordinator).

- 6.3 The training centre must ensure that the Placement Coordinator assigned on duty is provided with all information related to placement communication including ACTS, C-DAC emails coming to the training centre email ID.
- 6.4 While forwarding any email to students, only share the pertinent facts of email with students, such as the company process, reporting deadline, exam / interview location, and procedure, with the appropriate parties. Refrain from sharing the names, numbers, and emails of any additional placement coordinators mentioned in the email.
- 6.5 The auto-forward/responder feature for all group students' email addresses should not be turned on.
- 6.6 Do not use social media platforms like Facebook, Twitter, WhatsApp, etc. as your main channel for informing students about placement process.

7. CCPP Feedback

- 7.1 C-DAC Placement Department has prescribed formats for collecting feedback from students and companies regarding their experience in CCPP. The placement coordinator on duty has to take company feedback and submit to ACTS, C-DAC officials.
- 7.2 The participating training centre can provide suggestions to C-DAC ACTS through feedback form provided by Training Centre Network Management (TCNM).

8. Code of Conduct:

The training centre and assigned placement coordinators must follow the code of conduct to maintain professionalism and integrity throughout the CCPP. Each centre will handle matters of discipline of their students and must refer the student placement guidelines related to process and procedures followed for CCPP. In case of any malpractices observed and found during CCPP, the matter will be handled by Disciplinary committee of CCPP, Pune Region.

9. Training Centre Grievance Redressal

A training centre has to recourse through the grievance redressal mechanism. The grievance must be raised in writing via email by the training centre.

- 9.1 The Training Centre shall be primary point of grievance redressal for its staff, students, and companies brought/coordinated.
- 9.2 The PCPC shall be the appeal/ escalation body for all grievance of students and companies for the CCPP and related activities. Cases, where any of the parties (training centre / students / companies) is not convinced and issue need to be raised to C-DAC ACTS, the proper channel to be followed for grievance redressal through Chairman, PCPC followed by HoD, ACTS.

10. Confidentiality

The centres must maintain confidentiality throughout the placement process, regarding any information about CCPP, students, and recruiters. Directions of C-DAC ACTS and PCPC on the matters to keep confidential and shall be followed by all parties.

The above guidelines adhere to the relevant policy formed by the Academic Council of the C-DAC or relevant operational directions of the Academic Management Committee of C-DAC, issued from time-to-time.

I declare that I will abide by C-DAC ACTS campus guidelines for smooth conduct of campus placement process.
